At the last meeting of the Kreiger

made for the celebration of the anniver-

This celebration promises to be one of
the greatest occasions in the history of
celebrations in Wheeling. The parade
will be one of the features. Invitations
have been issued to every German society
in the city, and assurances have been
given that all will respond. The pic-
nic will be a monster gathering, but it
has not yet been decided where it
will be held. A number of attractive
amusement events are down on the
picnic programme.

For This Morning's Court.
There are thirty-three cases on the
docket for this morning's police court.
Yesterday Officer Allen ran in William
Kemp, a plain drunk, and on Saturday
night the following arrests were made:
John Garrity, drunk, by Officer Babb;
Merle Merwin and Dona Russell, fight-
ing, by Officer Walker; James Gallagan,
drunk, by Officer Babb.
Captain Bennett, Lieutenant Ingram
and Officers Deviney, Walker, Shields,
Mason, Schnupp, Allen, Ruiz, Bauers
and Nichols raided the houses of ill-
fame in the Alley C district between 11
and 1 o'clock Saturday night, making
the following arrests: Cynthia Miller
and two girls, Maggie Miller and three
girls, Ella Miller, five girls and four men,
Ella Eebula, four girls and one man,
Annie Sheppard, three girls and one
man. All furnished security for their
appearance.

SHORT WEIGHT FOR MEASURE
Is Going to Be Stopped, or Scales Al-
dredge Will Know Why.
The matter of short weight and
measure is a greater evil than perhaps
even the victims know. There is growing
complaint on the part of honest
green grocers, hucksters and other deal-
ers that those not so scrupulous are en-
abled to undersell them by giving short
measure or light weight. This has
caused the wholesale dealers no end of
trouble, as the honest dealer who sees
other men selling the same stuff at less
prices naturally concluded that he must
buy cheaper. Few families are provid-
ed with measures by which they can
ascertain if they are being cheated, and
the advantage of a nickel or so on a so-
called peck is very tempting to the
average housewife in those days.
Recently one case got into court and
one huckster paid a fine for using a
short peck. There are liable to be other
prosecutions soon, as those who are in-
terested are keeping a sharp watch on.
Scales of Weights and Measures
Aldredge is also inspecting all weights
and measures as fast as he can. The
law requires that they shall all be offi-
cially sealed, and a good way to tell if a
strange dealer is square is to demand
to see the seal on his measures or
weights. In the lower market Satur-
day evening Mr. Aldredge sealed a
score or so of measures which he tested
and found to be all right.

THE SIXTH MEETING

Of the Ohio Valley Prohibition
Assembly now going on.

INTERESTING EXERCISES THERE

Saturday and Sunday and a Most
Attractive Programme Announced
for the Rest of the Meetings—Good
Attendance Rewards the Managers
for their Liberality and Untiring
Efforts.

The sixth annual meeting of the Ohio
Valley Prohibition Assembly was
opened on Friday evening last with an
address by Lou J. Beauchamp, of Ohio.
A fairly good audience greeted the
lecturer, and the lecture is highly spoken
of by all who heard it.

On Saturday the regular programme
was carried out. In the morning the
women had charge, Mrs. Gordon, Mrs.
Engle and Mrs. N. R. C. Morrow taking
the leading parts. In the afternoon
Dr. Beauchamp talked in the absence of
Dr. A. B. Miller, of Waynesburg, Pa., who
was to have been the speaker. At night
Dr. Beauchamp delivered his great lec-
ture on "Sunshine, or How to Make Home
Happy." To say that the doctor as a
humorous lecturer is simply full of life,
nature and everything that goes to make
up good humor and cause an audience
to laugh and feel good, is as good a
compliment as can be paid to him.

Yesterday morning Dr. A. B. Leon-
ard, D.D., of New York, preached from
the text, "The Church of the Living God,
the pillar and ground of the truth." This
was the sermon of the occasion. The
points made by him were that the
family, the church and the state are the
three divinely appointed agents for
good. Other organizations are good so
far as they are Christian in their influ-
ence, but they are not of divine appoint-
ment. In the first family was the germ
of the church and the church stands
right between the home on one hand
and the state on the other. As the
church is, so are the others. If the
church takes high ground the home
and the state partake of the same, and
vice-versa. Why has China been grovel-
ing in the Dead Sea of ignorance for the
past two thousand years? Simply be-
cause of her religion. It has kept her
people in dense ignorance and will con-
tinue to do so unless changed.

The doctor also spoke of man's per-
sonal responsibility. Among other
things he said that the Christian should
be just as pure at the ballot box as he
is when kneeling around the Lord's
table and partaking of the emblems of
His death. He closed by saying that if
all the professed Christian men and
women of the nation would resolve that
the liquor traffic should cease, inside of
five years there would not be a licensed
saloon in the land. These are but a
very few of the points made by the elo-
quent speaker. A large congregation
heard the sermon, and it is the uni-
versal verdict that it was one of the
most powerful sermons ever delivered
on the assembly grounds.

In the afternoon Dr. Beauchamp gave
his last lecture. He spoke on the sub-
ject of "Drinking According to Law."
He made telling points against the
drink traffic from first to last.

At night there was a platform meet-
ing. Many short talks were given, in-
terspersed with songs by the Silver
Lake quartette, which, by the way, is
the very life of all the meetings. This
promises at the very outset to be the
very best meeting ever held in this great
tabernacle.

The crowd was very large yesterday,
the people coming from many miles in
the country, bringing their well filled
baskets with them.

The services opened with an expe-
rience meeting at 9 a. m. Rev. Dr. A. B.
Leonard, of New York, preached an elo-
quent and powerful sermon at 10:30.
In the evening a most interesting plat-
form meeting was held.

The Programme for To-day.
This is Home Keepers' Day at the
Ohio Valley Prohibition Assembly
meeting at Moundsville. The pro-
gramme includes the following:

Mrs. J. N. Ogden, of St. Mary's.
10:30 a. m.—Topic: Ethics of the
Home, Mrs. Rider, of Weston.
11:00 a. m.—Topic: Influences of Dress
Upon Character, Mrs. Anna Albert, of
Bridgeport, Ohio.

Question Drawer.

2:30 p. m.—Lecture by Rev. A. B.
Leonard, of New York.
7:45 p. m.—Address by Volney B.
Cushing, of Maine.

A noise kicked H. S. Shafer, of the
Freemason House, Middleburg, N. Y., on
the knee, which laid him up in bed
and caused the knee joint to become
stiff. A friend recommended him to
use Chamberlain's Pain Balm, which he
did, and in two days was able to be
around. Mr. Shafer has recommended it
to many others and says it is excel-
lent for any kind of a bruise or sprain.
This same Remedy is also famous for
its cures of rheumatism.

THE EYES.
It has been demonstrated that there is
more eye and head action from the defects
of refraction and the use of glasses, not
properly adjusted, than from all other
causes, and that it is absolutely necessary
to have the eyes scientifically and skillfully
examined and fitted with glasses to secure
relief and prevent injury.

These needless spectacles, or their eye
strain or head aches when reading or sewing
can be avoided and have their eyes exam-
ined for glasses without charge by Prof.
Shoff, the Scientific Optician, 1110 Main
street, next door to Snook & Co.
